Dishonored 2 Collector's Edition Unboxing

Postado em: 08/11/2016

After being made a cracking cup of tea (in a Nuka World cup, no less!) we were ready to tuck into this box of delights like a kid at gaming-fuelled Christmas. In addition to getting a physical copy of the highly-awaited game bundled in with all these goodies, feast your eyes on what else lies within... 'Legacy' Metal Case Exclusive to the Dishonored 2 Collector's Edition, the limited-edition metal case is decorated with the portraits of Emily and Corvo, the leading characters you can choose to play from in Dishonored 2, dressed in their assassin attire. Emily graces the front, steeped in shadows and donning her regal cowl on the lower half of her face, her brown eyes observing you with silent assurance. The opposite side reveals the mask of Corvo Attano, shielding his true face from view. The case keeps your disc safe and sound whilst looking awesome displayed in your games collection.
